accelerate

Fodder, Pasture & Forage for Dairy Farmers

What is Agfarm Accelerate?

- » Flexible and competitively priced cashflow tool for key cropping inputs (seed, chemical, fertiliser, irrigation water, diesel, crop insurance and land lease payments).
- » You manage the purchases, Accelerate pays invoices on your behalf when they are due.
- » Facilities are repaid directly from your milk producer in installments from the initial use to 15th July 2019.
- » All purchases and interest are reconciled monthly with statements emailed to you.
- » The minimum facility size is \$50,000. Interest rates start at 6.24% for over \$250,000, 7.24% for less than \$250,000.
- » Interest is charged monthly on the drawn balance.
- » A commitment fee of 1.50% of the approved limit is applied. This ensures access to the full limit as required. The commitment fee does attract interest.
- » Applications are open year around.
Turnaround times: 1 week from receipt of application/3 business days for increases.
